COREAN WAR ENDED

Peace Convention Signed by Both Countries.

TERMS OF THE AGREEMENT.

Independence of Korea—Japan Retains the Places She Has Conquered and All That East of the Liao River—Formosa Permanently Ceded to Japan—Indemnity of \$100,000,000.

LONDON, April 16.—A dispatch to The Times from Shanghai says that Li Hung Chang's son-in-law telegraphs that a peace convention was signed at Shimonoseki Monday by the plenipotentiaries of China and Japan.

Following are the terms of the convention:

First—The independence of Korea.

Second—That Japan retains the places she has conquered.

Third—That Japan shall also retain the territory east of the Liao river.

Fourth—That the Island of Formosa be ceded permanently to Japan.

Fifth—The payment of an indemnity of \$100,000,000.

Sixth—An offensive and defensive alliance.

Not Reported to Washington.

WASHINGTON, April 14.—There is no information obtainable on the subject at the Japanese legation. The official to whom the dispatch was shown was inclined to credit the report that a treaty of peace had been signed, as in view of the near approach of the termination of the armistices, some action was probable. Still, nothing had been received at the legation to confirm the statements contained in the dispatch.

The Final Conference.

SHIMONOSEKI, April 16.—The conference today of the peace commissioners lasted five hours, all the envoys attended the meeting except Viscount Mutsu. It is believed that today's conference was the final one. It is stated that the Chinese plenipotentiaries are preparing to return to their homes.

DEADLY DUEL.

Five Shots Fired and One Man Fatally Wounded.

SELMA, Ala., April 16.—J. A. Minter and M. R. Dudley, two prominent planters, engaged in a fatal duel at Tylers, 11 miles east of this city, at an early hour yesterday morning. Minter fired three times and Dudley twice. The last shot fired by Minter took effect in Dudley's bowels. He was sitting in his buggy when the shooting took place, and as soon as he was shot turned his horse's head toward home, a mile and a half from the scene of the affray.

He realized that he could not hold out until he reached home and stopped at a negro cabin and had a doctor sent for. He is fatally wounded. The exact particulars of the shooting can not be learned as there were no eye witnesses to the duel and both men refuse to talk. There has been an old feud between the men for several years past.

Attempt to Cremate Five Families.

NEW YORK, April 16.—An attempt very near successful was made to burn an old 4-story brick tenement house, 132 West Nineteenth street, at 3:50 o'clock Monday morning. The stairways, landings and hallways of the place were literally soaked with kerosene and a torch applied in at least three places. In the house there were five families, all colored. That they all escaped without injury is miraculous. This is the third time there has been suspicious fires in the same house. Before there were no traces of an incendiary, but there were strong suspicions.

Minister Dies in the Pulpit.

BIRMINGHAM, Ala., April 16.—Rev. J. M. Jessup, an aged primitive Baptist preacher, met death in a horrible manner at Sandy Ridge, Ala. While delivering his sermon he suddenly fell to the floor in spasms and died with his awe-stricken congregation about him. It afterward developed that he had taken a lot of strychnine, which he carried in his pocket, on bread crumbs to poison English sparrows that infested his yard. He was also in the habit of carrying sugar in his pocket to clear his throat for his sermon. He took the strychnine by mistake.

Perry Still at Large.

POUGHKEEPSIE, N. Y., April 16.—The authorities of the Matteawan asylum have not given up hopes that Perry, the train robber, is still in the vicinity of the asylum. Further particulars of the robbery of George H. Abbott's house at Hughsonville, on Saturday night, strengthens the belief that Perry has not left Dutchess county. The house was entered by somebody during the night and \$40 in money and a gold watch and some clothing were stolen.

A Fred Douglass Memorial.

PHILADELPHIA, April 16.—Honor will be paid to the memory of the late Frederick Douglass at a memorial meeting to be held at the Academy of Music. Addresses will be delivered by representative white and colored citizens on the life and services of the deceased leader of the colored race, and appropriate resolutions will be submitted for presentation to the family of the deceased.

Not Murdered.

NEW YORK, April 16.—John Smith, whose body was found yesterday morning on the tracks of the Lehigh Valley railroad, near Perth Amboy, was not murdered, but accidentally killed by the train.

DURANT'S DUAL DEED.

The Police Claim to Have Evidence Enough to Convict Him.

SAN FRANCISCO, April 16.—The net is tightening around W. H. T. Durant, the dental student in jail for the murder of Blanche Lamont and Minnie Williams in the Emanuel Baptist church. Chief of Police Crowley claims to have evidence enough now to convict him beyond any doubt.

Theodore Durant was yesterday evening formally charged with the murder of Minnie Williams. The coroner's inquest upon Miss Williams has not yet been held. It will be a dual investigation. The police will produce their evidence regarding the murder of both girls.

A further mystery is added to the affair by the report that Mrs. Ella Forsyth, who has been missing for a week, was also a member of that place of worship. Her husband, who has been searching diligently for her, says she left home to go to the beach to gather shells. She has never been seen or heard of, and it is surmised that she may have shared the fate of Blanche Lamont and Miss Williams.

Police Surgeon Rummers says medical works abound with cases of men whose animal passions could not be aroused without the sight of blood. It may be that Durant is one of this class of human tigers. The crimes with which he is charged appear to have been the act of a man inspired by such bloody instinct, as the postmortem examinations clearly prove that the victims were killed and afterward outraged.

George King, organist of the church where the horrible crimes were committed, made a statement to Chief of Police Crowley late yesterday afternoon which tends to fix one crime at least, the murder of Miss Lamont, upon Durant. King says that on April 3, the day Miss Lamont was missed, he went into the church about 5 p. m. to practice on the organ.

"I saw Durant there, much to my surprise. He came down to the organ loft in a highly excited and overheated condition. I asked him what was the matter and he replied he had been overcome by gas up in the loft. He was very weak and pale and asked me to give him a glass of bromo seltzer. I knew he was fitting up electrical contrivances about the church and thought nothing strange about his going up in the loft."

This is direct evidence of a most startling nature. Miss Lamont, it will be remembered, left the high school at 3 p. m. on the day she was seen, April 3, with Durant. The theory is now that Durant had just finished his fiendish work when seen by the organist. King says that he went to the drugstore at the corner of Sixty-first and Howard streets and purchased a bottle of bromo seltzer, and continued:

"When I returned Durant took a dose and it seemed to nauseate him. He asked me how he looked. I told him he was pale and his eyes were a little congested. What he did during the time I was gone, I don't know. Afterward he went into the ladies' parlor to look into a mirror, and I afterward found on the little shelf underneath a little clot of blood, as though he had wiped his finger on it. We then carried a little organ from upstairs down into the lecture room. Several times he stopped to rest and seemed quite weak. At 7 o'clock he left and went a short distance with me down the street. I do not remember whether he went back to the church or not."

In addition to this damaging evidence other equally incriminating evidence has been furnished. In the search for the crime many curious theories have been evolved assuming that Durant is guilty. The theory of the murder is the crimes were committed for the purpose of medical investigation. The statement has been made that Durant proposed to a number of girls that he be allowed to examine them for female troubles which he professed to be able to cure.

It is known that Durant was an ardent medical student and took great interest in the diseases of women. The theory is that he was crazed on the subject, and being unable to conduct his investigation in any legitimate manner, murdered the girls for that purpose. The condition of the bodies after they were found would tend to carry out this line of reasoning.

Instead of abating the excitement over the horrible crimes is increasing. Every fresh rumor is an excuse for an extraedition of the newspapers which are eagerly bought by crowds of people on the streets. Large crowds gather in front of bulletin boards and haunt the scene of the crimes.

WHO HID THE BAG?

Valuables Saved at a Fire in a Puzzling Manner.

NEW YORK, April 16.—Peter Garrahan, an agent and a tenant in the flat-house which was burned last Thursday night, lost a package containing bonds and papers of the value of \$30,000. This he missed after the fire was extinguished and reported the fact to the police.

Mrs. Mary Tremble, the janitress of the apartment house, found a Gladstone bag hanging on a hook in the cellar of that house, which adjoins the one in which Garrahan lives. The bag was found to contain the missing papers. Mrs. Tremble took the bag and its contents to the police station, where it now awaits its owner. How the bag got in the cellar of the next house the police would like to find out.

KENTON, O., April 16.—The boiler in L. Emmons' sawmill, at Foraker, seven miles west of here, exploded yesterday afternoon, killing James Stein and wounding George and Sabe Emmons and John Matthews, the last two probably fatally.

CUBAN PEACEMAKER

General Martinez Campos Is So Looked Upon.

HE IS NOW EN ROUTE TO CUBA.

Royalists in Havana Anxiously Awaiting His Arrival—Marti and Maximo Gomez Already in Cuba—Official Report of a Recent Battle—Insurgents Defeated by the Spanish Troops—Latest From Cuba.

HAVANA, April 16.—General Martinez Campos, who arrived at Porto Rica on Thursday last, sailed at 5 o'clock yesterday afternoon for Guantanamo, Cuba. The general met with an enthusiastic reception at Porto Rica and was acclaimed by an immense crowd of people as the peacemaker.

He was accompanied by reinforcements of troops on board the steamer Reina Christina, who were most liberally treated by the merchants of Porto Rica. Previous to this departure the general had an official reception. The hopes of the loyalists of the whole island of Cuba are centered on the arrival here of the Spanish general, who once before pacified the island after a long rebellion.

Private advices received here say that the detachment of rebels recently commanded by Panchin Varona, who, as announced in these dispatches on April 9 was killed in an engagement with the Spanish troops under Lieutenant Padilla, had with it 11 wounded men, of which number some have already died. In spite of the alarmist statements sent out from Havana regarding the spread of yellow fever here it is stated that there is only one soldier suffering from that disease in the hospital.

A dispatch received from Gibara announces that a detachment of troops, commanded by Captain Aguilar, has defeated a body of 150 insurgents under Miro at Palma. Six of the insurgents were killed and several wounded.

Official Telegrams From Havana.

TAMPA, Fla., April 16.—An official telegram from Havana to the Spanish vice consul here, announces the battle at Palerito, at which General Flor Crombet and a Cuban colonel were killed, and two commanders, Maceo's secretary and one lieutenant were captured. Estrada, another Cuban chief, surrendered himself.

Information has arrived that Marti and Maximo Gomez have been in Cuba eight days. They landed on the northern coast in the Bay of Nipe, province of Holguin. It has been purposely kept quiet to be announced simultaneously with the arrival of General Martinez Campos, who landed at Guantanamo Saturday.

Officially Received at Washington.

WASHINGTON, April 16.—Official telegraphic reports from the captain general of Cuba, received here, state that the Spanish troops have cut to pieces the insurgent band led by General Maceo and General Crombet. Eleven were killed, wounded or taken prisoners. Crombet was among the killed. General Maceo was among the remnant of the band who escaped, but the report says they are closely pursued in the woods with the expectation that they will be overtaken.

Another Cuban Club Found.

PHILADELPHIA, April 16.—A number of the University of Pennsylvania have taken up the cause of Cuba and a club of 27 members has been formed, the name of which will be "Young American Friends of Cuba." This makes the seventh Cuban club now in this city, and the second composed of Americans.

CONNECTICUT RIVER OVERFLOWED.

Considerable Damage Already Done and More Threatened.

SPRINGFIELD, Mass., April 16.—The Connecticut valley has been the scene of a flood of greater magnitude than has visited this section since 1862. The most damage was done at Bellows Falls, Vt., where the Connecticut river is very narrow. An old railroad bridge was swept away yesterday afternoon and there has been great danger of the Boston and Maine tunnel being flooded and rendered impassable. The mills are all closed down.

At Brattleboro, Vt., the river is higher than it has been since 1862.

At Turner's Falls the water has overflowed the banks of the river to such an extent that many of the mills have been compelled to shut down. The consolidated railroad tracks are flooded.

At Windsor, Vt., the water has risen 30 feet and business is almost entirely suspended.

At Northampton, Mass., the river is three-fourths of a mile wide, and the water is higher than it has been in 30 years.

Over nine feet of water is going over the dam at Holyoke, and many mills have been compelled to shut down because of the floods.

Near Mount Tom the water has overflowed the railroad tracks and trains are delayed.

The city has not as yet been troubled by the high waters because of the high bank on this side, but across the river West Springfield is flooded. An old wooden bridge from Springfield to West Springfield is threatened. The water has already risen 18 feet and is nearly up to the woodwork.

Judge Jackson Writes.

WASHINGTON, April 16.—A letter has been received here from Justice Jackson saying he would not be able to come to Washington this term. This makes it beyond question that a rehearing of the income tax case, if ordered, can not occur before next October.

SAND AND RAINSTORM.

Entire Southwest and West Visited and Much Damage Done.

KANSAS CITY, April 16.—The entire southwest and part of the west, including southern Kansas, Oklahoma and the Panhandle of Texas, was yesterday afflicted with a sand and rainstorm. At places in Oklahoma there was a veritable shower of mud and in western Oklahoma and the Panhandle, Egyptian darkness prevailed. Crops were badly damaged.

Wires are prostrated, and the west is completely shut off from communication from this city direct. Electric flashes pierced the inky darkness with terrible rapidity and seemed to change everything with its element.

Such a peculiar storm has seldom been seen, and the superstitious thought the astronomical conditions, which it is said are now repeating themselves for the first time since the death of Christ, has something to do with it.

It is still raining hard in most directions, but the worst of the storm is thought to have passed. As far as heard nobody was injured or killed, although scores of horses were stricken. In eastern Kansas the storm was less severe and that locality will greatly benefit crops.

THE EX-PRESIDENT'S POSITION.

Mr. Harrison Will Make No Political Speeches This Campaign.

CLEVELAND, April 16.—Postmaster Anderson and Congressman Burton returned from Indianapolis yesterday where they went to invite ex-President Harrison to make an address before the convention of the League of Republican clubs to be held in this city in June. Mr. Harrison said he regretted very much his inability to address the convention, but that he could not do so consistently.

"Mr. Harrison has taken the position that he will make no political speeches," said Mr. Burton. "He told us that the only reason he worked in New York in the interest of Morton last fall, was that the story had been started that he was opposed to Mr. Morton, and he desired to show by his work that he was not."

"Did Mr. Harrison say anything to you about his presidential candidacy?" asked the reporter.

"No," said Mr. Burton. "he had nothing to say about it whatever."

GRANTED THE FIFTH TRIAL.

Edward Jones Has One More Opportunity to Escape Death by Hanging.

GEORGETOWN, O., April 16.—The circuit court has granted a new trial to Edward Jones, four times convicted of murder in the first degree, and now under a death sentence in the annex at the Ohio penitentiary.

The opinion was handed down by Judge Russell, who said the weight of evidence did not warrant a verdict of murder in the first degree.

Jones killed his son with a shotgun when McKinley was making his first canvass for governor. The son had been to attend a political meeting at Batavia, and the murder occurred at Olive Branch. He was first tried in Clermont county, and then the case venue to Brown.

Pat Elliott's New Trial.

COLUMBUS, April 16.—Pat Elliott, for the killing of Hughes, Feb. 23, 1891, in the big street shooting affray here, is to be taken to Lancaster, O., May 27 for trial. Hughes was killed by accident, while the Elliott brothers were killing Osborne. Patrick is serving 20 years and to get a parole must first get the Hughes case off the docket by standing trial and taking his chances of acquittal or conviction of something less than murder in the first degree.

River Running Into a Mine.

SALINEVILLE, O., April 16.—The old shaft coal mine here was flooded Saturday by the breaking through of the roof. The miners who were at work at the time had narrow escapes. Efforts to divert the course of a creek from which the water comes have been unavailing, and it is feared that the old and new mines will be filled with water. Two hundred men will be thrown out of work and the loss will be about \$25,000.

Tramps in Camp.

HICKSVILLE, O., April 16.—Much interest has been manifested at this place within the last three days over the sudden appearance of about 60 tramps, who have been camping just outside of the corporation limits. Their frequent calls at various houses have harassed the people so that the civil authorities have taken in charge. Last night tramps entered the house of John McCormick and carried off many valuable things.

Ghastly Discovery.

SPRINGFIELD, O., April 16.—Mrs. Jacob Shollenberger made a ghastly discovery at midnight, when she awoke and found her husband missing. On investigating she found him on the floor dead. He had retired at 8 o'clock in good health. Heart disease is the supposed cause.

Killed by a Train.

FINDLAY, O., April 16.—The remains of Emil G. Schwab, a well known young farmer, were found on the Lake Erie and Western railroad track yesterday morning all cut to pieces. The evidence gathered shows that he was killed by the westbound passenger train at 1 o'clock.

Prince Bismarck Not Ill.

BERLIN, April 16.—There is absolutely no truth in the sensational story circulated in the United States by a news agency to the effect that Prince Bismarck is seriously ill. The prince is well in health and received a deputation at Friedrichsruhe yesterday.

MAY CHEAPEN BEEF

Mexican Cattle Admitted Into the United States.

SECRETARY MORTON'S ORDERS.

The Quarantine Regulations Issued by the Agricultural Department February 5, 1895, Modified by the Recommendations of Dr. Salmon, the Chief of the Bureau of Animal Industry.

WASHINGTON, April 16.—In view of the great rise in the price of beef and the reported scarcity of cattle, the chief of the bureau of animal industry, Dr. Salmon, has recommended to the secretary of agriculture the admission of Mexican cattle into the United States under stringent regulations, calculated to secure a rigid inspection of all cattle admitted.

Dr. Salmon believes such a course may be safely pursued with the exercise of due vigilance, and that under the circumstances it is judicious, and it is hoped by this means to check the tendency to excessive prices to the consumer without injuriously affecting the interest of the beef producer.

In accordance with these recommendations Secretary Morton yesterday issued the following special order:

Special order concerning importation of cattle from Mexico:

It is hereby ordered that the regulations of this department issued Feb. 5, 1895, defining the quarantine line, on account of Texas fever and the regulations of Feb. 11, 1895, concerning the importation of animals into the United States, be modified so far as they relate to the admission of Mexican cattle into the United States as follows:

Mexican cattle, which have been inspected by an inspector of this department and found free from any infectious or contagious disease may be admitted into that portion of the state of California, south and west of the said quarantine line of San Diego, and into that portion of the state of Texas, south and west of the said quarantine line, through the ports of Eagle Pass and Laredo for grazing or for immediate slaughter.

Cattle may be admitted through the port of El Paso for immediate slaughter only. In all cases where cattle are admitted for immediate slaughter they shall be shipped by rail or boat to the point of destination.

On and after May 1, 1895, cattle will be admitted at the port of Brownsville, Tex., for grazing and immediate slaughter.

J. STERLING MORTON, Secretary.

ELLWANGER CAUGHT.

The Crown Point Murder Mystery Will Probably Soon Be Solved.

CROWN POINT, Ind., April 16.—A telegraph dispatch from the chief of police at Crawfordsville announces the capture of Barney Ellwanger, who is charged with brutally murdering his wife at Cedar Lake on the night of April 8. Sheriff Hayes has left to identify the man.

The hearing of the brothers of the murdered woman was being held before Judge Van Winkle, but on the news that Ellwanger was captured the judge ordered the hearing continued until Ellwanger arrives.

The two brothers on hearing the news of Ellwanger's capture grew pale and were speechless for several minutes. The whole town is greatly excited.

In two days the celebrated murder mystery will be cleared away.

Will Try the Springs.

FRANKFORT, Ind., April 16.—George Woodruff of this county, who claims to be the greatest somnambulist living, is preparing to move his family to Delphia, to try the virtues of its mineral springs, as he is beginning to feel symptoms of his curious affliction again. It is nearly a year since he suffered his last attack, when, for a period of 76 days he never closed his eyes in sleep, and a year previous to that time he was similarly attacked, but for not such a great length of time. Upon both occasions he suffered no pain, and superintended the work on his large farm, experiencing no inconvenience whatever.

Struck by a Freight Engine.

FORT WAYNE, April 16.—Sunday evening Christian Smitley, a wealthy farmer boy, aged 20, and his sweetheart, Miss Van Buskirk, who lives 10 miles east of Fort Wayne, were out driving. They crossed the Pennsylvania railway tracks near home and were struck by a freight engine. Smitley was killed instantly, and carriage totally demolished, and the horse ground to pieces. How the girl escaped violent death is a miracle. She alighted on a bank 30 feet from the crossing without a single scratch or bruise, and was holding her dead lover in her arms when found.

Handcar Run Down.

MARSHALL, Mo., April 16.—Friday evening the westbound fast freight on the Chicago and Alton ran down a handcar, on which were A. L. Klein, Peter Danuser, John Shinkle and his son. Mr. Klein, the foreman, had an arm broken and his skull fractured. Danuser was mortally wounded and died Sunday, and John Shinkle was killed outright. Young Shinkle escaped without injury by jumping.

Nitroglycerin in a Plug of Tobacco.

PALMYRA, Mo., April 16.—Sheriff Platt received through the mail a plug of tobacco addressed to one of his prisoners named Joe Marvin. He cut open the plug and found concealed on the inside a two-dram vial of nitroglycerin. Sheriff Platt went to Carrollton, where he arrested Fred Staples, John Newman and J. D. Young, alias Williams, charged with mailing the nitroglycerin.

RELIEVING MCKINLEY.

Senator Frye, of Maine, magnanimously states that Mr. McKinley "was not more responsible than several other men" for the tariff which usually bears his name. He instances Speaker Reed and the Republican leaders in the Senate as equally responsible for that measure.

"The amenities of politics," says the New York World, "have seldom had a more beautiful illustration than this affords. That the Senator from Maine should be willing to divide Governor McKinley's handicap with several of his rivals is indeed generous. The McKinley law, so called, was the first measure ever framed in a civilized country on the policy of decreasing revenues by increasing taxes. It brought upon the Republican party a crushing defeat in 1890. It contributed largely to the second and more complete disaster in 1892. There would be injustice in asking its putative father to bear alone the odium when seeking a nomination for President in 1896."

"But it was not disaster to the Republican party alone which this law wrought. Under its operation wages either declined or stood still, and according to official estimates nearly 1,000,000 workers were out of employment in three months after it went into effect. Some of the most desperate and bloody labor strikes and lockouts known in the history of our country followed closely after its enactment."

"Not only so, but the customs revenues fell off \$135,000,000 during the four years' life of the McKinley tariff. In the same period the expenditures of the Government exceeded the receipts by \$31,000,000, while in the preceding four years the excess of revenue amounted to \$387,000,000. A Treasury surplus of nearly \$100,000,000 and a surplus revenue of the same amount both disappeared, and Secretary Foster actually had bond plates prepared to meet the impending deficiency."

"Equally damaging is the fact that during the McKinley-Harrison period the net loss in gold exports was \$122,624,000, while in the Democratic quadrennial preceding it there was a net gain in gold imports of \$54,772,000."

"In view of these and other like facts it is not too much to say that Senator Frye is really almost chivalric in his generosity."

At Haverhill, Mass., the shoe shipments last week exceeded by hundreds of cases any former shipments. All of the factories are being rushed to the limit and the prospect is that the demand will keep on till June, says a special. Business is undoubtedly getting better.

Four Ohio juries have listened to the evidence in the case against Edward Jones charged with killing his son, and at each trial he was found guilty of murder in the first degree and sentenced to death. The Judges, however, imagine they know more about the case than the juries, and now for the fourth time have granted him a new trial. Why don't they turn him loose at once and be done with the farce?

A MAD HORSE.

Causes a Panic at Carlisle Early Sunday Morning—Lively Times For a Few Minutes.

CARLISLE, Ky., April 14.—The town was thrown into great excitement this morning by the desperate actions of a mad horse. About 6:30 o'clock, just when people were beginning to stir, a horse without a rider dashed into town at breakneck speed.

The wild animal rushed through the business part of the city, biting and kicking at every one in sight. He galloped down the sidewalk, breaking several show windows and slightly injuring several people who were unable to get out of his way. The vicious animal finally dashed into the livery stable belonging to Campbell & Dudley, on Main street.

After overturning and badly bruising a negro, who was working in the stable, he entered a stall occupied by one of Mr. Dudley's valuable mares. Before any one could interfere he had badly bitten the animal. In a few minutes a crowd congregated, which succeeded in overcoming and killing the rabid animal, but only after several pistols had been emptied into his body.

The horse belonged to Asa Berry, who lives a short distance from the town, and his madness was probably caused by the bite of a dog. The mad horse seriously bit another horse and dog on his way into town, both of which it has been necessary to kill.

COUNTY CULLINGS.

Murderer Jones Gets a New Trial.

At Georgetown, O., Monday morning, the Circuit Court granted a new trial to Edward Jones, four times convicted of murder in the first degree, and now under a death sentence in the annex at the Ohio penitentiary. The opinion was handed down by Judge Russell, who said the weight of evidence did not warrant a verdict of murder in the first degree. Jones killed his son with a shotgun when McKinley was making his first canvass for Governor. The son had been to attend a political meeting at Batavia, and the murder occurred at Olive Branch. He was first tried in Clermont County, and then the case was venued to Brown.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

FIRE INSURANCE.—Duley & Baldwin.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

FALLEN ASLEEP.

Mr. Patrick Daly, One of the City's Old and Respected Citizens, Passed Away Monday.

Mr. Patrick Daly died yesterday afternoon at 4 o'clock, of general debility, at his home on West Second street, at the ripe age of seventy-six years.

He was born March 4, 1819, in the Parish of Blackrock, County Cork, Ireland, and came to this country in 1852. In 1857 he married Miss Catherine Bryan, and this union was blessed with six sons and two daughters, all of whom survive, except James, the second son, who died about three years ago. Mr. Dan Daly is in Cannistota, New York, Charles is a student at Central University, Richmond, and John, Frank, Harry and Miss Mollie are at home. The eldest daughter is the wife of Mr. Edward Glenn, of this city.

Mr. Daly was one of the good, honest, sturdy Irishmen who came to this city early in its history and have spent their lives here. He was a good citizen, a kind and affectionate father and was blessed in his declining years with a devoted wife and family to minister to his wants.

Deceased was a member of St. Patrick's Benevolent Society. The funeral will take place Wednesday morning at 9 o'clock from St. Patrick's Church, after which the remains will be laid to rest in the cemetery at Washington.

Notice.

Notwithstanding the fact that the undertaking department of Myall & Shackelford's business has recently undergone a change of name to that of Myall & Coughlin, the business will be continued as usual in and from the same rooms, adjoining opera house, and while we deeply regret that Mr. Porter positively refused to continue his services with us, we could not (to do justice to ourselves) discontinue the business on account of it, and therefore advertised immediately for an embalmer and funeral director; and from twenty-one applications for the position, we have selected (a Virginian by birth) a gentleman of refined tastes and polished attainments, who has had large experience as an embalmer and funeral director, who will continue the business in all its delicate details, with modesty, prudence and with that marked attention the high calling demands. Our Mr. Myall will always accompany the gentleman, rendering whatever assistance necessary, and hereafter the undertaking rooms will be accessible day and night; and whenever our services are required, night or day, the matter shall ever have prompt and most careful attention.

Respectfully,
MYALL & COUGHLIN.

Entertainment at Washington.

Miss L. G. Maltby, teacher of elocution, assisted by her class and others will give a concert and exhibition at the Presbyterian Church in Washington on Friday evening next, at 7:30 o'clock. The exercises will consist of readings, declamations, recitations, &c., the whole interspersed with vocal and instrumental music.

Among other features will be a Demorest eleventh anniversary contest to be participated in by seven members of the school,—the successful competitor to receive a prize of a silver medal. The Misses Milam, of Maysville, and other talent from abroad will assist in the exercises. Miss Maltby gave an exhibition of this kind in Carlisle recently, which was pronounced a grand success by all who were fortunate enough to attend. Admission: Adults 25 cents, children 10 cents.

Horse Show at Mayslick.

There will be an annual show of stallions in Mayslick on Saturday next, April 20th, at 2 o'clock p. m., at which time A. P. Gooding's King Albany, Joel Laytham's Jim Lee, A. W. Thompson's Ewing, D. H. Farrow's three fine horses, Rolla Hart's fine horses, L. T. Howe's large fine draft stallion, said to be the best one of his class in this end of the State, will be exhibited. Jos. Walton, of Germantown, with his fine premium saddle stallion, and Mr. Crichtfield, also of Germantown, with his fine horse are expected. By order of owners.

WEDDED AT CINCINNATI.

Mr. Henry Young and Miss Sallie McDaniel Surprise Their Friends by Eloping to the Queen City.

Mr. Henry Young, one of the gentlemanly salesmen at the Red Corner Clothing House, gave his friends a surprise yesterday by slipping off to Cincinnati and getting married. The young lady whom he has chosen for a companion and helpmeet on life's journey was Miss Sallie McDaniel, a daughter of the late Wm. T. McDaniel.

Mr. Young went down to Cincinnati Sunday evening, and was joined by Miss McDaniel yesterday morning. The Clerk of Hamilton County was then hunted up, the necessary license procured, and at high noon at the Ninth street Baptist Church, the happy young couple were united in the bonds of matrimony, the pastor, Rev. Johnston Myers, officiating. Mr. and Mrs. Young returned home last night and are receiving the congratulations of their friends to-day. They will reside with the bride's mother on East Fifth street.

JEWELS

Are the brightest things that come to hand. Come to us for JEWELRY of every description. There's much to admire in our display of sparkling gems and artistic novelties, for the simple reason that our assortment is remarkable for nothing so much as it is for its comprehensiveness. It's only necessary to look at what we have to see that this is the case. It's missing much to miss seeing our stock. Your eyes must describe it to you, as we can't attempt the task. Seeing is knowing, and in this case, knowing is almost equivalent to buying, our prices are so reasonable.

HARD-LUCK STORY.

Tale of Woe Told by a Divorce Petitioner in the Territory.

PERRY, O. T., April 16.—Petition for divorce was filed here by Alfred Cless, a man of means in this community. He alleges that he succeeded in raising himself to a judicial position in Petersburg, Germany, and thereupon took to himself a wife. He believed her to be young, beautiful, rich and all that a woman should be.

After entering upon his matrimonial engagement he discovered that her beauty was nothing but face powder and padding, her age altogether problematical, her wealth a lie and her character such that he lost his judgment by reason of her conduct. He also urges that she told him she was of noble birth, whereas her mother was a rag-picker and her father a street beggar. Having had so much the worst of the bargain aboard, he wants an American divorce to equalize matters.

Four Years' Sentence.

FRANKFORT, Ind., April 16.—The young man arrested here Saturday for attempting to secure a loan of \$200 on forged deeds and mortgages on the farm of Charles Hopp, was arraigned in the circuit court yesterday and on a plea of guilty was sentenced to four years in prison. He at first refused to tell the officers his first name, claiming that it was Marion Thompson, but finally said that his true name was A. Morgan and that he had been engaged in the real estate business at Kokomo.

Two Vessels in Distress.

NEW ORLEANS, April 16.—The steamship Excelsior from New York which arrived here yesterday reports that on April 13, on southwest reef, off Loggerhead Key, Tortugas, a large British full rigged ship, lumber-laden, and a large American 3-masted schooner were ashore, flying distress signals. The ship's hull was painted a dark green, and she had a heavy list to the starboard. Two wrecking schooners were going to their assistance. The Excelsior could not make the name of either of the stranded vessels.

Carlisle Will Speak in Kentucky.

WASHINGTON, April 16.—Secretary Carlisle said yesterday that he would like very much to take part in the campaign in Kentucky, and would certainly do so if his official duties would permit. When and where he would speak, however, were details not yet arranged. Mr. Carlisle in his speeches undoubtedly will confine himself closely to a discussion of the financial question of the day. Henry Waterson of Louisville had a long interview with the secretary at the department yesterday.

England Warned.

NEW YORK, April 16.—A special from Washington says: From what can be learned from trustworthy sources Secretary Gresham through Ambassador Bayard has informed Great Britain that this country will not permit, without protest, the bombardment of Greytown, and that the landing of English troops on Nicaraguan soil will be viewed as an act inimical to American interests.

More of the Chicora's Wreck.

CHICAGO, April 16.—A large piece of the forward bulwarks of the wrecked steamer Chicora was picked up yesterday afternoon about 15 miles northeast of Chicago. The monogram "G. & M." of the Graham & Morton line, was on the portion of the bulwarks. The lake for a mile around the spot was strewn with wreckage, but no sign of any bodies was seen.

Monarch Whisky on the Slope.

LOS ANGELES, April 16.—It is stated here on good authority that Stein Brothers, the proprietors of the Monarch Distilling company of Chicago and Owensboro, Ky., are making arrangements to put a million-dollar plant in this city. President Stein is now in this city and has purchased property here which is said to be intended as ground for the plant.

Insane From Fright.

ST. LOUIS, April 16.—Rose Fatelle, the servant girl employed in the household of Dr. Arthur Dnestrow, the millionaire who murdered his wife and son last year, has gone insane as the result of seeing the horrible crime committed. She was present when Dnestrow brutally and without provocation shot his wife and boy, and the sight has so preyed on her mind as to unbalance it. A commission yesterday declared her insane and she will be sent to the asylum.

Tough on Crops.

TELL CITY, Ind., April 16.—Dangerous frosts prevailed in the lowlands adjacent to this section, which, coupled with the fact that the many small farmers are already on the verge of destitution, brought about by depressed finances, shortage of crops and the coldest winter they have ever passed through, makes the outlook one of utter discouragement to them. The fruit crop is almost entirely ruined.

Fell Into a Barrel of Water.

LOGOOTEK, Ind., April 16.—Mrs. Snare, a married lady of Haysville, Ind., about 10 miles south of this place, was accidentally killed by falling into a barrel of water which was buried in the ground while attempting to get a drink of water from the barrel.

North Pole Found.

PARIS, April 16.—The Figaro gives currency to a rumor that Dr. Nansen, the Arctic explorer, has found the north pole, and that it is situated on a chain of mountains. It is also said that Dr. Nansen planted there the Norwegian flag. The story is regarded as without foundation of truth.

Bitten by a Dog.

SPRINGFIELD, O., April 16.—The little son of C. T. Tobey was attacked yesterday by an Irish setter dog and a big piece of flesh was bitten out of the boy's face.

Conscience Fund Increased.

WASHINGTON, April 16.—United States Treasurer Morgan yesterday received from Canada a New York bill of exchange for \$465 to be placed to the credit of the conscience fund.

Cincinnati Tobacco Market.

Furnished by the Cincinnati Leaf Tobacco Warehouse Company:
There was a considerable falling off in the offerings and sales of the past week, and also the receipts were not as large as they have been. This is of course a natural consequence of warmer weather setting in, putting a check on winter-order tobacco, and it is likely that for a month, perhaps, light sales will be the rule.

We note no quotable advance in prices, but the bidding was quite strong throughout the week and the supply certainly no greater than the demand. Fine new tobacco sold up to 22¢. Old stock though offered in light quantities only, commanded but indifferent attention, with the exception of very few hogheads of fancy leaf, which always sells high. Although the sales of the new crop have not been unsatisfactory so far, the great drawback being the green tobacco, of which but very few lots are entirely free, and we think that purchases prudently made with careful regard to this feature ought to be profitable to the country buyer.

The Cincinnati Warehouse sold for T. M. Parish of Midway, 6 hds of new tobacco at \$11.75, \$14.25, \$14.75, \$16 and \$16 being an average price of \$14.50. The Globe House sold for L. M. Marshall 3 hds of old leaf at \$14, \$14.50 and \$14.50. This house also sold for Henry Thompson 3 hds of Mason County, old leaf at \$21, \$19.50 and \$21. During the week the Miami Warehouse sold for D. Drake & Co. 3 hds of new at \$8.10, \$10.25 and \$15.75; for J. A. Powers & Son 5 hds of new at \$10.75, \$11, \$16, \$15 and \$13.50; for R. P. Hamilton 7 hds of new at \$8, \$8.95, \$9.20, \$15.75, \$13.75, \$14.75 and \$15.75.

APPLES IN GERMANY.

The Consul Thinks American Fruit Growers Could Make Money by Exporting Fruit.

WASHINGTON, April 8.—United States General DeKay at Berlin says in a report to the State Department that there is demand for good sound American apples in Germany, but no supply. The fault lies in America.

Fruit growers should pack carefully all kinds of apples that remain solid many months, and firms should keep themselves posted in regard to the needs of the growers' commerce, and by exercise of intelligence and faithful care keep up a steady connection. Apples at retail bring a very high price in Berlin during the winter months, and there would be a good demand for dried and preserved fruits.

Women Are Martyrs

to neuralgia, headache and nervousness—many men suffer also.—Mrs. VILLA H. MAPP, White Plains, Ga. was broken down in health when she began taking

Brown's Iron Bitters

In an unsolicited letter (June 29, 1894.) she writes: "About 9 or 10 years ago I was broken down in health and suffered from extreme nervousness, and severe neuralgic pains afflicted different parts of my body—sometimes the dreadful pain would be in my eyes and head, sometimes in my hand and often in my shoulders and neck. I took many remedies, but found none like Brown's Iron Bitters. I have used a few bottles every year since. I often praise it to others."
